## Introduction to our Products:

With over forty years experience working with plaster, we believe our decorative plaster mouldings are amongst the very best you will find anywhere in the world, with our products' crisp clean patterns exemplifying quality. With probably the largest choice in the UK, every piece of our fibre reinforced product is manufactured to the highest standards using traditional gypsum fibrous plaster; we do not supply mouldings manufactured in other less authentic materials such as plastic, polystyrene, composite resin or polymer, which have long term disadvantages when compared to plaster. We believe the use of these synthetic materials could lead to additional fire risks and over time lead to problems of aging, discoloration, shrinkage round joints and seams and difficulties with repair, where necessary. The crisp quality of our fibrous gypsum plaster, its infinitely repairable nature and its ability to age in complete sympathy with any building has made it the preferred choice for many thousands of property developers and builders the world over.

Our fibrous gypsum plaster mouldings have high strength and excellent constructive performance. It is fireproof, mould, worm and moisture resistant, and has very high sound and heat insulation properties. Due to the extensive fibre reinforcement, all our decorative plaster products have high tensile strength and structural integrity, and can be sawn, drilled, screwed, nailed, carved or sanded without cracking or splitting, making it very easy and economical to work with and fix. Our online, step by step, fixing instructions will give you an excellent guide on how easy working with plaster really is and how easy it is to achieve a truly artistic impact, in a very cost effective way, without undue labour or material costs.

The very large choice we offer our customers, in size, style, and design, makes it possible to decorate the interior of virtually any building in keeping with almost any architectural style, be it Classical, Gothic, Edwardian, Victorian, or Modern.

To ensure the very best finish we strongly recommend that our adhesive is used for all our plaster moulding products. Manufactured using the same materials as our mouldings, our adhesive has very high bonding properties, excellent tensile strength and will dry to the same colour and quality as our decorative plaster. These qualities make it the most sympathetic material to be used for essential joint and seam filling and any making good, it will also show no discolouration discrepancies over time. It is our belief that the use of our adhesive is the only way to ensure, that perfect professional finish lasts through time.

Free delivery is also offered on the UK mainland.

Bonds is also a major supplier of other high quality products delivered anywhere on mainland UK including:

Lighting - on our dedicated site [www.thechandeliercompany.co.uk](http://www.thechandeliercompany.co.uk)

Here we offer a huge range of high quality crystal, alabaster and cut glass chandeliers. We also have a large choice of exterior and interior lighting fixtures. We pride ourselves on being able to provide a complete service from planning to implementation, offering a comprehensive design, manufacture and fitting service where required, at the lowest possible price. Be it a hotel, restaurant, place of worship, office or private home, we can satisfy your unique requirements without it costing a fortune. Many of the chandeliers we supply are custom made to exactly match our customers lighting needs.

Electrically Assisted Bicycles – on our dedicated bike site – [www.bondsbikes.co.uk](http://www.bondsbikes.co.uk)

We believe that the future is green but we don't believe that this should be at the detriment of practicality and technological advantage. With an electrically assisted bicycle from our range you can beat the traffic, forget the congestion charge, and avoid fuel and parking costs, saving money and the environment at the same time. While all our electrically assisted bikes are designed and manufactured to the highest industry standards, using the most advanced technology available in the field, you will note that our prices are highly competitive. Visit our website to fully appreciate our great range of bikes.

Silk Clothing and Bedding – on our dedicated site – [www.thehouseofsilk.co.uk](http://www.thehouseofsilk.co.uk)

We offer high quality pure silk clothing, bedding and material, at the lowest possible prices. All our products are 100% pure silk, including: a full range of women's and men's clothing, plus a wide choice of bedding sets, blankets, sheets, pillowcases, and material. So whether it's a gift for your loved one – or a complete set of silk bedding for your hotel, you will probably find what you need on our website. We offer a fully personalised boxed, hand gift wrapping service, and delivery anywhere on mainland UK usually within 24 hours of ordering.

We also supply cast iron wood burning stoves in a variety of styles and sizes, with self cleaning as standard. These stylish stoves and many more fantastic products can be found on our parent website [www.bonds.uk.com](http://www.bonds.uk.com)

..... Coming soon: [www.bondsclocks.co.uk](http://www.bondsclocks.co.uk) a unique range of quality desk, wall and grandfather clocks, all with chiming mechanisms and mechanical wind-ups.

To see our full range of products check out [www.bonds.uk.com](http://www.bonds.uk.com)
